

DEER RIVER HIGH SCHOOL

COMPUTER SCIENCE CAREER PATHWAY

The Computer Science Career Pathway explores careers that involve the design, development, support and management of hardware, software, multimedia, and systems integration services. Careers in computer science are for students who are creative and enjoy seeing ideas come to life, have a passion for computers and technology, are problem solvers and seek out challenges.

Required Pathway Courses	Recommended Pathway Courses
<p>Computer Applications I</p> <p>Video Game Creation</p> <p>Mobile Computer Science Principles (App Design)</p> <p>Warrior Tech Crew</p>	<p>AVID (by application)</p>
