

GRAND RAPIDS HIGH SCHOOL

COMPUTER SCIENCE CAREER PATHWAY

The Computer Science Career Pathway explores careers that involve the design, development, support and management of hardware, software, multimedia, and systems integration services. Careers in computer science are for students who are creative and enjoy seeing ideas come to life, have a passion for computers and technology, are problem solvers and seek out challenges.

Required Pathway Courses	Recommended Pathway Courses
Intro to Coding/App Development/Computer Science	GameIT 2
PC Technology	GameIT 3
GameIT I	Website Design II
Website Design I	AVID (by application)
